

CPAM Leadership Seminar

Leading

**and Teaching for Social Justice
Implications for Mathematics Classrooms K-12**

Location

**Wednesday, April 3, 2019 / 1:30 PM - 4:30 PM
to be announced at later date • San Diego, CA**

Don't miss this opportunity to spend the afternoon prior to the opening of the NCTM Annual Meeting in San Diego with your CPAM colleagues and **Nora G. Ramirez**, a mathematics teacher educator, author, and life-long learner with a passion for making mathematics meaningful for all students.

This seminar is the fifteenth in the series of CPAM Leadership Seminars and is made possible by a grant from Texas Instruments. CPAM gratefully acknowledges the support of TI.

Check-in begins at 1:00 PM with the program starting promptly at 1:30 PM. Refreshments will be provided. Visit CPAM's Website at <http://www.cpam.org> for the latest information on this session and for additional copies of the registration form. **Registrations must be received by March 22, 2019.**

Leading and Teaching for Social Justice: Implications for Mathematics Classrooms K-12

- Quality mathematics and social justice in mathematics teaching are imperative if we are to "promote and provide appropriate mathematics experiences for students." But, what is social justice in mathematics education? How can we be assured that classrooms are socially just?

Participants will be actively engaged in activities to promote understanding and critical conversations about social justice as it pertains to the effective teaching and learning of mathematics. Opportunities will be given to examine policies, practices, views, language and instruction in mathematics education.

Specifically, participants will

- develop a foundational understanding of social justice in mathematics education
- identify/recognize inequities in mathematics education
- examine personal beliefs and pedagogical beliefs and practices
- recognize and reframe deficit thinking and beliefs
- examine policies and practices in curriculum, instruction and assessment
- consider classroom culture
- examine instruction for characteristics of social justice
- plan to act on aspects of social justice in mathematics
- be prepared to have critical conversations with several aspects of social justice with colleagues and other stakeholders.

Nora G. Ramirez is a nationally known mathematics educator who has spent over 30 years collaborating with teachers. She has been a middle school teacher, a high school teacher, a professional development director, a mathematics specialist and an author. Nora is a founding member and past-president of TODOS: Mathematics for ALL and is currently its Executive Secretary.

Registration can be made via PayPal by using the link to CPAM's Website, <http://www.cpam.org/seminarPayPalRegistration.html>, or by completing the registration form below and mailing it with a check to Denise I. Griffiths, CPAM Leadership Seminar Coordinator.
